

Saint Joseph's is participating in the diocesan campaign to help eradicate malaria in Africa.

Our goal is to supply at least one net for each of our members. Nets cost \$12 and can be purchased by writing your check to St. Joseph's Episcopal Church, inserting "Nets for Life" on the memo line.

Lent makes this an ideal season to consider, perhaps, giving up one meal and using that cost to purchase a net. It is estimated that each net can save up to three lives. That really is a very small price to pay.

More details of the campaign can be found by talking to Karen our vicar, Kate Reichert our ERD representative or by visiting:

Every 60 seconds a child dies of malaria – we can make a difference.
